

Club news

Hello everybody,

This is the B&R Beurs Spread of februari 2008. As many of you might know, our current website is fully working as desired anymore and we are working on a new one. But the pictures of the Intro weekend, the New Years drink and the Poker tournament are on placed on our old website so take a look if you like

Here a few nice ones:

ABN Seminar

About a week ago ABN organised a seminar about their vision of 2008 and reserved a few tickets for B&R members:

ABN Amro beleggingsvisie 2008

“The fog banks are rising from the financial markets”

This is the overall statement of ABN Amro for this year. It means that there is probably some more “bad” news coming concerning the crisis on the financial markets. Though, they also state that an AEX with 560 points is realistic to end this year with. They spend half the presentation to a new investment product they developed; this was really interesting but it is a little too complicated to explain in a few sentences. Of course there were plenty of people and the facilities were excellent. I will definitely go again next year. I think it was worth the effort.

HALV

I also like to remind everybody that this Monday (Februari, 18th) the B&R

semi annual general members assembly (HALV) will be held. Here you can get to know more about B&R, ask questions and give new ideas. You are all more than welcome at 20.00 hours in C-2 at Woudenstein. Drinks will be arranged

B&R interviewwed

Some time B&R is called by naive reporters who are interested in our story about the markets. They like to know our view but often they barely know the difference about stocks and bonds. But anyway, it is fun to see your own interview published. The next one was in the Spits of Januari 23th.

Spread – December 17th, 2007
